Welcome to the wonderful world of sailing.

Introduction to Sailing

Learn to sail. It's more than a sport; it's a way of life, an appreciation of the outdoors. A place where you can meet like minded people, improve your lifestyle and take full advantage of Victoria Harbour—The Melbourne Docklands and Port Phillip Bay.

The Learn to sail introductory course is designed to show you all the basics of sailing and is an inexpensive way to check out the sport. It's a great day out and an affordable way not only to go for a sail but to learn how to sail and experience the freedom associated with sailing.

Our schedule offers a program either weekends or weekdays (by arrangement) and we operate all year.

SYLLABUS INCLUDES

- a. Sail shape and control, points of sail
- b. Parts and names of the yacht
- c. Helming techniques — How to balance the helm.
- d. Sail trim—Telltales
- e. Reducing sail area - reefing and head sail changes
- f. Safety aspects of the yacht and personal safety
- g. Coming alongside and berthing.

FORMAT: 1x 4 hours (practical) session for 2 participants.
